OUTLINES.

Frank B. Lynch manager of Gov. Johnson's campaign for presidential nomination was a requested visitor at Fairview yesterday and in conference with Mr. Bryan assured him that Gov. Johnson would give loyal support to the Democratic ticket and that there was some chance of him carrying Minnesota——Mr. Taft yesterday devoted some time to the preparation of a speech which he will deliver to the Virginia State Association today, at Hot Springs —— Georgia's prison commission was under examination before the special legislative committee yesterday and Chairman Turner took the stand to refute the sensational charges brought in the investigation ——The funeral of the late Senator Allison will be held Saturday afternoon and will be attended by a delegation of representatives of the National Senate——Twelve thousand longshoremen went on strike on the Canadian Pacific Railroad yesterday, on the system of the Atlantic to the Pacific. The strikers are determined that they will stay out until a satihfactory arrangement is made. ——"The Man and the Corporation" was the subject of ex-Senator Lindsey's address before the Virginia State Bar Association yesterday——After nearly completing his trip in his airship yesterday Count Zeppelin had to come to earth to make some more repairs. While making these a sudden storm caused it to rise; there was an explosion followed by fire and the machine was completely destroyed—— Judge Pardee, at Asheville, yesterday dissolved the injunction granted by Judge Speer against the increase of freight rates by the railroads in Georgia and the parties contending against said increase have filed their petition with the Inter-State Commerce Commission——Leading cotton manufacturers of Rhode Island say there is no concerted action in the State to curtail reduction or cut down wages—— New York market: Money on call easy at 1 to 1 1-4 per cent., ruling rate 1, closing bid 1, offered 1 1-4, time loans dull and slightly firmer. Spot cotton closed quiet, 5 points lower, middling uplands 10.75, middling gulf 11.00. Flour firmer, with a quiet trade. Wheat spot strong 103 1-8 to 104 7-8 elevator, options closed 2 7-8 to 3-4 net higher. Corn spot firm, No. 2 86 nominal elevator. Oats spot firm 58 to 60. Rosin quiet. Turpentine quiet at 40c.

Hearst and Graves—as in all funerals, so in this political one, the graves are at the end.

President Cabrera, of Guatemala has released forty-three political prisoners. Wonders never cease.

Recent occurrences show that the pedestrian is beginning to get even with the fellow in the automobile.

Tom Watson is mighty hostile to the Democratic party now, but don't you reckon he wishes he could force it to the same course as in 1896?

Between the injunction of Judge Speer and the Inter-State Commerce Commission's order the railroads in Georgia are between the devil and the deep blue sea.

An exchange says that "a phrenologist recently examined Taft's head; but there are other bumps to come" —the biggest the one which Bryan will give him, we suppose ?

It is said that Georgia will land a cabinet proposition "if things go well.' Remembering Georgia's attitude at the Denver convention, we would like to know what "if things go well" means.

The certainty of punishment would have a tendency to stop lynching, says the Durham Herald. Why isn't lynching punishment? and goodness knows it is certain enough for some crimes.

General J. C. Dupont, of Deleware, has been appointed director of the speakers' bureau of the Republican national committee. This must mean an explosive campaign on the part of the Republicans.

As soon as the Republicans see danger of losing the vote of the negro at the North they try to scare the Southern Democrats with the cry that Bryan is pandering to the negro vote.

North Carolina Republican Committeeman is delighted to hear that Mr. Taft favors a vigorous campaign in certain portions of the South. He had better get as much pleasure as possible out of the anticipation of any good results therefrom.

Two forces are at work to secure Taft's presence at the Republican convention in this State—the citizens of Charlotte, in order to swell the crowd in their city at that time, and the Repulican leaders in the hope that it will give their party a boost in the State.

Case of Young Furma... Now With Jury Out in ... Court House.

PROCEEDINGS YESTERDAY

Judge Remarks Upon Inadequacy of Bonds in Many Cases—One Murder Trial May Go Over to the Next Term.

With the jury out all last night since 1:30 o'clock yesterday afternoon and with no apparent likelihood of an agreement at an early hour this morning, it seems entirely within the range of possibility that there will be a mistrial in the case of young Furman Lee, whose trial upon the charge of killing George Robinson, a colored lad, in Owen's Smith's restaurant in the southern part of the city several months ago, was completed in Superior Court at the hour named above.

The case consumed nearly all of yesterday's session of the court, the State having resumed its testimony yesterday morning at 9 o'clock. Only one eye-witness to the tragedy, Helen Swinson, a sister of the restaurant keeper, was produced by the State and her character was attacked by the defense. The particulars of the tragedy as they were developed at the coroner's inquest were gone over again and the witnesses were subjected to rigid cross-examination by the attorneys for the defendant, Messrs. Pait & Woody and L. Clayton Grant, Esq. Chas. C. Loughlin, Esq., assisted the solicitor with the prosecution. The defense introdumed no testimony whatever, relying upon the showing made by the State to acquit their client.

Argument to the jury was opened by A. H. Pait, Esq., who made a capital address to the twelve men with the fate of his client in their hands. He was followed by C. C. Loughlin for the State and T. K. Woody, Esq., for the prisoner, both arguments having been way above the average for junior counsel. Mr. Duffy closed for the State in a strong presentation of the law and facts and for the defense L. Clayton Grant, Esq., made a final and very eloquent plea.

Following a very clear and interesting charge by Judge Biggs, the jury retired and after diner and supper, retired in the court room each time with an apparent wide division of sentiment on the case. The jury is composed of Messrs. E. W. Rogers, G. T. Flynn, R. F. Colwell, R. A. Burnett, John E. Walton, J. H. LeGwin, P. W. Beaton, O. A. Wiggins, Jr., J. W. Fleet, W. J. Bradshaw, J. B. Britt and John Thomas.

In going over the docket yesterday Solicitor Duffy announced that it would probably be impossible for the State to try Chas. Hill, colored, charged with the murder of Robert Singleton in this city seven years ago. A number of witnesses have not been secured and the case will likely go over to next term.

In making judgment absolute for several bonds yesterday, Judge Biggs remarked upon the small bonds that are taken in many cases by committing magistrates in this county. He said that in many cases $25 bond was put up by the defendants who had no other purpose than to skip out, the amount of the bond being less than the court costs in the actions.

Nol pros with leave was entered in a number of cases as follows, the defendants having skipped or never having been taken: Nelson Griffin, carrying concealed weapons; Louis Yates, assault with attempt to comit a felony; John Hodges, gambling; Preston Nixon, carrying concealed weapons; Isaiah Abner, murder; J. C. Wallace, assault with deadly weapon; A. F. Bautro, embezzlement; Jos. McFarland, housebreaking and larceny; Tom Wells and Robert Bolton, assault.

Judgment absolute was given for amount of bond in case of J. B. Bryan, a white man charged with resisting arrest during the firemen's tournament. Capiases were ordered to issue in the following cases: Henry Waddill; A. C. Pearsall, assault with deadly weapon; Jacob Bornemann, assault with deadly weapon; Jas. Teachey, gambling, and Ed Brewer, assault with deadly weapon.

Just before the court took a recess for the day Willie Farrow and Isabella Hill, colored, charged with an assault with a deadly weapon were given trial by jury. They were represented by Woodus Kellum, Esq., and a verdict of not guilty was returned after court had taken a recess for the day.

Marriage Yesterday Morning.

A happy marriage was celebrated at the home of Mr. Jordan Branch, 711 Surry street, yesterday morning, the contracting parties being Mr. Walter Motte and Miss Louise H. Lindquist, both residents of this city. The ceremony was performed by Rev. J. T. Johnson, pastor of the Advent Christian church, and was attended by a few intimate friends. The couple were tendered the happiest felicitations of their friends.

WON THE DUPONT TROPHY

Jos. G. Littig, Jr., Annexed Another in Shoot of Wilmington Gun Club Yesterday Afternoon—The Scores Recorded.

Joseph G. Littig, Jr., winner of the Hunter Arms Company cup two weeks ago, again attached the Dupont trophy in the fifty-bird race which was the feature of the regular weekly shoot of the Wilmington Gun Club at the Delgado traps yesterday afternoon.

In the first race Mr. Littig tied E. Boushee with a score of 44 out of a possible 50 but in shooting the tie off he won with 22 out of 25 while Mr. Boushee dropped five birds out of the 25. The trophy is a very handsome bronze engraving on handsomely polished wood and was well worth the trial of the eleven men who entered the race. In the regular weekly shoot of the club Boylan was high gun with 47 out of 50 while Dr. J. H. Dreher was a close second with 45 out of 50.

In the shoot for the trophy the scores were as follows: Littig 44, Boushee 44, Dreher 43, Stokley 42, Boylan 40, Penny 40, Taylor 39, Perdew 39, Holmes 36, Empie 36 and Merriman 26. In the regular weekly shoot out of a possible 50 the following record was made: Boylan 47, Dreher 45, Boushee 44, Penny 38, Merriman 36 and Stokley 23 out of 25.

ENTERED INTO REST.

Mrs. Georgiana Newton Passed Away Last Night at Her Home.

After a lingering illness, confining her to her home since the eigth of last May, during which time she bore her suffering with great Christian fortitude and resignation, Mrs. Georgiana Newton entered into rest last night at 8 o'clock at her home, No. 304 Castle street. The news of her death will come with infinite sorrow to many friends here and elsewhere and the sympathy of the community will go out to the sorrowing ones in the great bereavement that is theirs.

Mrs. Newton's death resulted from a complication of diseases growing out of rheumatism from which she had been a great sufferer for a long time. For the past several weeks the end had been expected at almost any hour and while the death came as no surprise, its realization was a sad blow to the family and friends who had waited so anxiously for a ray of hope that she would be restored to health.

Mrs. Newton was the relict of the late Capt. Thos. W. Newton and was born in Federal Point township Feb. 26th, 1842, being, therefore in the 67th year of her age at the time of her death. She was a daughter of the late Capt. William Grissom, for many years one of the most skilled and best known of the Cape Fear pilots. Mrs. Newton was married May 26th 1859 to her late husand, who preceded her to the grave on the 12th of September, 1882, after a happy wedded life of nearly 25 years. Since her husand's death she had resided with her children in this city and her life had been a benediction upon them. There are now left of the family surviving four daughters and two sons, Messrs. T. C. and W. F. F. Newton, Mrs. Jas. H. Burriss, Mrs. J. E. Hewett and Misses Allie and Olivia Newton, all of this city There are also a number of grandchildren and two sisters and one brother, Capt. E. A. Grissom, of Southport; Mrs. Warren Mintz, of Southport, and Mrs. H. K. Ruark, of Wilmington. They have the tenderest sympathy of all in their sorrow.

Mrs. Newton had been for many years a consecrated, Christian woman and her life had been one of good deeds. At the time of her death she was a member of the Church of the Good Shepherd and the funeral will be conducted from there this afternoon and the interment will be in Bellevue cemetery. Rev. T. P. Noe, the rector, assisted by Rev. W. E. Cox, of St. John's, will conduct the services.

Excursionists Come Today.

A large party of excursionists from Durham will reach the city early this afternoon, remaining two days in the city and at the beaches. On Friday three other excursions are expected. On account of the excursion today the steamer Wilmington will make a special trip to Fort Caswell, leaving at 2 o'clock and touching at all points of interest down the river, and reaching the city on the return at 8 o'clock this evening. The trip will allow the visitors to spend an hour at the fort.

Mr. Crow Won Final Event.

The series of bowling events which has been in progress during the past two weeks at the Carolina Yacht Club came to a close Tuesday night, Mr. W. C. Crow winning out in the finals. He attained quite a record, making an average of 175 points in each game during the evening and defeated the next highest, Mr. C. S. Grainger, by 34 points. Mr. Crow was presented a handsome scarf pin by Judge J. Crawford Biggs "in a few well chosen words."

Raleigh, N. C., Aug. 5.—By all odds the fastest and best game Raleigh has ever seen was that today with Wilmington, Raleigh scoring one run in the eleventh inning, while the Sailors were not permitted to cross the plate at all. Twice earlier in the game Raleigh should have scored possibly, but close fast work by the visitors headed them off, so there was a series of goose eggs right up to the finish for both teams.

In the first, Wilmington was cut out of a chance when Rath bunted to first and gained second on Hoey's sacrifice. Sharp was out, short to first, advancing Rath to third, where he died with Smith out to first.

In the fourth Reid put in a three-bagger, but Cooley followed out to left field; Wrenn struck out, Brandon out, third to first.

Again in the sixth Porter hit two-bags and gained third on Warren's sacrifice hit; Reid hit to short where Rath handled the ball with lightning speed and Porter was caught at the home plate.

Wilmington scared the Raleigh fans in the tenth when Sharp drove a two-bagger to left; Smith was out to centre; Sharp gained third on Hoover's error in handling the ball, to die there with Doak and Kite, who fanned.

In the eleventh Raleigh had one man down when Hoover put in a two-bagger, Porter following suit, scoring Hoover.

THE SHIPPING IN DISTRESS

Russian Barquentine Towed Up—Fishing Smack Frank Williams in at Savannah, Ga.—Other Reports From Coast.

With the opening of wire communication to Southport yesterday and the return of the tug Blanche from up the coast towing the schooner Horace P. Shares, previously reported dismasted and her hold full of water, local marine men were able better to size up the situation after the extensive damage to shipping during last week's storm.

The Russian barquentine Mats, Capt. Uttopart, which was towed in Monday from Lookout by the tug Sea King, was yesterday brought up to the city in a waterlogged condition and she is tied up at the Diamond Steamboat & Wrecking Co's wharf, awaiting advices from the owners. She has valuable cargo of mahogany.

It was learned yesterday that the fishing smack Frank A. Williams from which Capt. A. H. Guthrie was washed overboard and drowned Sunday, had put in at Savannah, Ga., the crew having been ignorant of the coast and having gone on by Southport, her destination. Capt. J. J. Loughlin, of Southport, one of the purchasers of the Frank Williams at Southport, left last night for Savannah to see what can be done towards bringing the schooner around. Capt. Williams, of the Sea King, sighted the smack off Frying Pan last Monday but at that time she was supposed to be all right, had all sails set and should have reached the Cape Fear bar within 12 hours. The tug Blanche on her way up to Lookout after the schooner Shares Monday, also sighted the smack about a mile and a half off. She dipped her flag three times, evidently intended for a distress signal but it was not recognized as such by the Blanche, which returned what was presumed to be a salute and passed on. She was then about 15 miles east of Frying Pan lightship. It is reported that she was taken into Savannah by one of the Ocean S. S. Company's steamers. After the drowning of Capt. Guthrie, it is said that the smack spoke the lightship and reported that the pilot had been drowned and that the cook was in command. He knew nothing of the coast comparatively and hooted at the information given him as to his bearings.

Capt. E. H. Weaver, of New Haven, managing owner of the schooner Horace P. Shares, arrived last night and will go down to Southport this morning to see what disposition to make of the dismasted schooner and her cargo of cement and crushed stone, which was consigned to Fort Caswell.

Capt. J. M. Peckworth, of the schooner Chas. K. Schull, coal laden from Philadelphia to Charleston and which was abandoned at sea off Lookout last Saturday and subsequently towed into Southport by the Brunswick steamer Ocmulgee, arrived yesterday morning and went immediately to Southport to see about his vessel. Capt. Peckworth and crew of seven men were taken off the Schull when she was thought to be sinking by the steamer Kansas City and landed at Savannah. The crew was paid off in Savannah and Capt. Peckworth, who is part owner in the vessel, came to Wilmington to look after the derelict. The managing owners of the Schull are Chas. T. McGhee & Co., of Philadelphia and Capt. Peckworth's home is at Forked River, N. J. The vessel has 1,211 tons of coal and is waterlogged.

On her way back to Southport Tuesday with the Shares the tug Blanche spoke the cutter Seminole bound to Lookout to see if she could be of any assistance. On Monday the Blanche reports that on her way up to Lookout she passed the submerged wreck of what apeared to be a very large schooner, only two masts and a lot of wreckage from the cabin being above water. This was about 20 miles southwest of Lookout lightship. On Sunday the William Linthicum, bound north from Georgetown, was sighted anchored off the bar, she having later proceeded.

FLOODS ARE RECEDING.

Further Information From Water Covered Area in the Interior.

Mr. J. S. Stallings, who returned last night from Rocky Point where he looked very carefully into the flood situation in Pender and Duplin counties in company with Mr. E. D. Pearsall, who is perhaps better informed as to the conditions than anyone else, says that all bridges in Pender have gone except Harison's Creek bridge. Merrick's and Island Creek bridges were floating yesterday morning. The water was flowing over the automatic gate between the two counties and the rural mail service is in effect only partially. Lane's and Blossom's Ferry, the latter at Castle Haynes, are impassable. The railroad bridge at Castle Haynes, contrary to reports in some of the State papers yesterday, is not threatened and has at no time been in danger. The store of Mr. W. H. Malpass, at Lane's Ferry, continues under water and customers in boats were being waited upon by the proprietor inside the store yesterday. The water is 10 1-2 feet above high mark at Lane's Ferry and was about on a standstill yesterday and falling some yesterday afternoon, though still rising a trifle at Castle Haynes. The worst of the flood is believed now to be over.

FIRST STEPS TAKEN

Order in Cases of Condemned Rights of Way For Big Project Signed.

FOR THE INLAND WATERWAY

White School Teacher Marries Croatan Student From Robeson—Insane Escape From Hospital—Charters.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 5.—Orders in seven cases of condemned lands for rights of way for the inland waterway from Pamlico Sound to Beaufort harbor were signed today by Judge Thomas R. Purnell in the Federal Court for the Eastern District of North Carolina, District Attorney Harry Skinner, of Greenvile coming here to pass upon the titles.

This starts the work on the great inland waterway that will eventually give an inland water route to commerce from the Great Lakes and Boston to North Carolina, at least south of the dread Hatteras, and perhaps to Florida. This will be the first link in the gigantic chain of canals.

Title was taken on Friday, Saturday and Monday for all the lands other than those which had to be condemned. The contract has been let out for the construction of this portion of the inland waterway and under the contract work is to be commenced December 1st. There will be about 16 miles of cut. This canal will probably be dug before the deepening of Beaufort harbor. The inland waterway will go on Pamlico river, Neuse river, Core Creek, out into Beaufort harbor. Congress at its last session appropriated $550,000 with which to begin the work.

Something of a romance has developed in connection with the last session of the Croatan Normal School, maintained by the State at Pates, Robeson county, for the Croatan Indians thereabouts, in that a pretty young white teacher who was brought from New York State as a teacher in one of the most important departments, has married one of the brightest and best looking young Croatans among the students. The marriage was in New York State for the reason that the intermarriage of Indians and white people is prohibited by law in this State. The teacher was Miss Myrel E. Sharp, and the young Croatan she married is J. H. Dial, son of a well-to-do Croatan at Lumberton. She is about 30 years old and he is about 23.

It is said that the courtship had progressed toward the last of the term to the extent that they had made up their minds to get married at Lumberton just as soon as the school closed, but someone in addressing the students one day blasted their plans by remarking incidentally that while Indians and white people could intermarry in Indian Territory and in a number of the States, there was a law against this in North Carolina. Then it was that they laid their plans to marry in New York. The young woman left for her New York home right after the school closed and was followed within a week by her lover and they are understood to have been married at the home of the bride's father, who is said to own a good farm near Buffalo. At any rate the school authorities have received a letter from her since signed "Mrs. Myrel E. Dial."

Of course the State Normal School authorities have elected a different teacher and it is hinted that their choice shows profit by past experience in that a more settled woman is chosen, thereby reducing to a minimum the possibility the repetition of such conduct.

Four inmates of the State Hospital for the Insane escaped Sunday night by working some bars out of a window to one of the wards. One of the number was recaptured at Cary, this county, and another at Apex, where he had hired himself to help house tobacco. The other two are at large but are not dangerous and capable of taking care of themselves. They claim bad treatment at the hospital as the cause of their desiring to leave, but this is attributed to their insanity.

Charters are issued as follows: "Push Rockingham Forward Club, Incorporated." of Rockingham, N. C., for the intellectual, social and business interests of members among whom are W. N. Everitt W. H. Cole, L. S. Covington, A. S. Dockery and others. Quinn Furniture Co., of Elizabeth City. $10,000 capital by O. W. Quinn and others. Winston-Salem Athletic Association, $25,000 authorized and $950 subscribed to maintain baseball grounds, team, etc.

Capt. Max L. Gardner, of Salisbury is commissioned by the Adjutant General as major of the corps of Coast Artillery to be formed in the State this year. Capt. Gardner was at the Caswell maneuvers this year and won special commendation from Maj. Schumm.

ROOSEVELT AND DIXIE.

In the midst of his strenuous life as President and manager of his party in preparing for a vigorous political campaign, Mr. Roosevelt finds time to write magazine articles. The current issue of Uncle Remus' Magazine contains one by him in which he proposes that Julia Ward Howe's "Battle Hymn of the Republic" shall be recognized as our national hymn. He thinks it the finest battle hymn in the world, "lending itself to choral singing far better than any other available for our national use." In his article Roosevelt refers to "Dixie" in these words:

"The whole country has adopted it. It is the best fighting tune of America. It would make a sick rabbit call a bulldog a liar just to hear it played. It is sung and applauded in the North as well as the South. The Northerners do not see the least bit of partisan or sectional sentiment in it."

The Charlotte Observer, commenting editorially on the article, says that as an air pure and simple, "Dixie" is willingly admitted to be without a peer. The only reason for preferring the other to "Dixie" is thus found to be its superior fitness for singing in chorus. The Observer, while conceding its superiority in this respect, denies that that makes it a better battle song than "Dixie; but maintains that the very superiority claimed for the Howe song weakens the argument in favor of it for a battle song, saying "there cannot be a charge and the measured deliberation and dignity of any worthy hymn in one—and "Dixie" is a charge. Dixie lets this latter generation know and feel how men could plunge joyously into the jaws of death. This purpose Mrs. Howe's piece is not remotely able to serve. In it we have a slow moving chant. The Observer thinks the country will struggle along for some time to come with "America," but if it is to have a real battle song, let it be "Dixie," "and the President knows in his heart 'Dixie' it will be."

JOHN WORTH KERN AT HOME.

Since the adjournment of the Denver convention there has been abundance of evidence that the Democrats made no mistake in nominating Mr. Kern. Immediately after his nomination the objection was raised that he had no national reputation; that he was known to the people of only a small section; but he is being rapidly made known to the whole country by those who know him best and have known him all their lives, and what they they say of him is increasing his popularity with great rapidity. His political enemies have nothing to say against him, for he is a man against whom they can bring no charges. On the contrary they have many words of praise for him. Here is a sample of the latter, from the editorial columns of the Indianapolis Star, a strong Republican paper:

"The Denver convention could have done no one thing to send a greater thrill of delight throughout Indianapolis and Indiana than it did when it nominated John Worth Kern for vice-president. There is a peculiar quality of simplicity, earnestness and manliness about John Kern, and unfailing good humor and cheerfulness under political defeat and personal ill health, a frankness in his speech and impulsiveness in his acts—all of which endear him to every man who comes to know him, whether as a public character, or as a true friend and comrade, or as the devoted husband and father in a happy home.

"It is perfectly certain that many Republicans who may go so far as to say that his nomination will weaken the ticket will nevertheless rejoice at the honor that has come to him, to his State and to his city, as in the good fortune of a family or personal friend.

"Mr. Kearn will ornament and make acceptable the Democratic ticket in Indiana, and whether he is elected or not, the memory of his recognition at Denver will always be a pleasant memory."

NECESSITY OF FOREST PRESERVATION.

The forestry bureau of the Agricultural Department has just sent out a circular on the importance of protecting our forests. It says that among all the nations of the world Germany has the credit of being the most thoroughly scientific; that she does with her limited natural resources what younger nations will soon be compelled to do in self-defense—she conserves them. If the present rapid destruction of the forests is allowed to continue the sawmills, which, after consuming the white pine forests of the North, moved to the South, will in course of time devastate the yellow pine regions, then move on the Pacific coast for their last stand. Then will Germany's forestry policy receive better recognition. The circular closes with this paragraph:

"If it takes fifty years to raise a tree of a given species, then one-fiftieth of the forest may be cut each year, provided it re-seeds or is replanted—and the sawmill stays at the same place and the workmen live in their permanent snug homes near-by; the "lumber shanty" will be a thing of the past; raising trees is a business like raising wheat."

POLITICAL SUICIDE.

C. H. Haviland, of Brooklyn, once prominent in Municipal Ownership League affairs, reached home a few days ago after spending several months in Europe, and of course, he was very much interested in the movements of the Independence League. According to the New York Times, he announced his intention to vote for Bryan. He declared that if Mr. Roosevelt had been nominated the Independence League vote would have been divided, but as it is, if the League persists in running a candidate only Taft and the League will suffer. Of the League's course in putting out a ticket he said:

"The Independence League is taking the suicidal leap. Mr. Hearst is being used by a lot of local politicians who want to ride into office. The sincere men—the thinking men, who have no axes to grind and who are in the movement for honest purposes cannot be induced to throw their vote away. The mere politicians, who joined the movement for the spoils, will use Mr. Hearst to accomplish their purpose."

CURRENT COMMENT.

—One would think from all the noise that he is making over the matter that the Georgia Populist was the original Crisp supporter, that he conceived his candidacy and engineered it to a successful finish through the House of Representatives. But such is not the fact. Mr. Watson did not support Judge Crisp for speaker. Furthermore, Mr. Watson supported Mr. Watson for that responsible position. Now he has the gall to criticise Mr. Bryan for supporting Mr. Springer, but has no criticism for Mr. Watson for supporting himself.— Raleigh Times.

—Bahrein Island, in he Persian Gulf, is said to be the hottest place on the globe, far hotter than Tophet. The average temperature is about 141 degrees. On the coast, where the people live, there is no fresh water, but here and there in the harbor's bottom are strong, freeflowing springs of purest water, rivaling that which flows down the sides of the mountains of Lebanon, flavored by the sap of healthy cedars. Divers equip themselves with bags made of skins and descend to the springs, where they fill the inverted receptacles with aqua pura. This water is cold enough to drink without the aid of ice, of which the islanders know nothing.—New York Press.

—Mr. Kerr, who managed Locke Craig's campaign for the gubernatorial nomination, is advocating the raising of the Governor's salary from $4,500 to $10,000. It looks like he is attempting too high a hurdle. Certainly the Governor ought to have a better salary, but $10,000 would be too much, in view of the pressing needs of the various State institutions. After the State shall have discharged its obligations to its charitable institutions, will be time enough to talk about making the Governor's salary more attractive. As it is, the Governor gets a good home free of cost, and if he stays in Raleigh and attends to his business, the modest salary as it stands now ought to be sufficient to pull him through. Be sides, there is the honor of it to be considered.—Charlotte Chronicle.

—A little pamphlet has come to our desk containing the details of the unveiling of the statue of Washington Duke on the Trinity College campus at Durham on June 10th. The statue is one of Valentine's most successful efforts and honors the memory of a philanthropist who gave Trinity as much as $480,000. Mr. Duke was one of North Carolina's greatest captains of industry. Opposing secession, he nevertheless went into the war as a Confederate soldier and at the surrender was released from Libby prison and sent to Newbern, from where he walked 135 miles to his home in Durham. At the age of 45 with only 50 cents in silver to his name, he gathered his sons, Brodie L., Benjamin Newton and James Buchanan about him and started life over again. He died a millionaire in 1905.—Charlotte News.

—"Yes," said Scribbles, "I have a perfect passion for writing poetry." "Too bad the passion is unrequited," rejoined Miss Cayenne.—Chicago News.

—Once in awhile it comes with a great shock to a girl to find out that a man never notices the difference between a 49-cent shirtwaist and one that cost $27.85.—Indianapolis News.

—Winston-Salem, N. C., August 4.—News was received here today that Miss Mary Ball, the young lady who was shot Sunday night by Freeland Tharpe, near Dimmette, where Miss Ball was boarding, had a very good night. Hope is now entertained by the attending physician for her recovery. Miss Ball is at the home of Mr. Hoots. She has never lost consciousness, in fact she is exceptionally bright and cheerful considering the seriousness of the wound. The ball, which entered near the heart, has not been located. From the accounts it seems that Tharpe has frequently tried to persuade Miss Ball to marry him and that she has repeatedly refused to do so. Sunday night Miss Ball's brother having heard that Tharpe had made a threat that he would kill Miss Ball unless she married him during the night, went with his sister to church to protect her. They attended services at Macedonia and returned home safely until the young lady put her foot on the top step of her boarding house, when Tharpe shot her, the bullet taking effect about an inch above her heart.

—Asheville, N. C., August 4.—When the suit of Mrs. Rosina Bradley Willis against Bishop J. M. Horner, Reginald N. Wilcox and E. L. Eubank as trustees of the Episcopal Church and J. M. Waldrup, administrator of W. L. Bradley, was compromised yesterday by private agreement, a litigation of interesting features was brought to a close. The suit involved the right of title to certain property, valued at about $6,000 and lying in Hendersonville, belonging to W. L. Bradley, who died there in June, 1902, and no heirs claiming the property, it escheated to the trustees of the University of North Carolina, who later in good faith sold the property to the Episcopal Church. Some time after the sale, however, Mrs. Willis, of Nova Scotia, arrived and claimed the property on the ground that she was under a promise of adoption by Mr. and Mrs. Bradley when they lived in Novia Scotia and was to inherit all their property.

Urinary disorders quickly follow;
Diabetes and finally Bright's disease.
This is the downward course of kidney ills.
Don't take this course. Follow the advice of a Wilmington citizen.

Thomas H. Knight, 720 Ann St., Wilmington, N. C., says: "Doan's Kidney Pills are certainly a good remedy for disordered kidneys and I do not hesitate to recommend them. I had suffered a great deal from backache and was often bothered by pains in my loins. The kidney secretions contained a heavy sediment and were quite painful in passage. One box of Doan's Kidney Pills purchased from Robert R. Bellamy's drug store stopped the backache and corrected the difficulty from the kidneys."

This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

THE PREY OF A GRIZZLY.

By a Little Oversight Bruin Was Robbed of a Good Meal.

In the early settlement of California grizzly bears were numerous and troublesome, but few men ever had a more singular experience with a grizzly than Paul Sweet, who kept a tannery near Santa Cruz. The story is told by Mrs. Dall in "My First Holiday."

Mr. Sweet was one day walking alone in the woods when he came suddenly upon a grizzly bear and her two cubs. He was quite unarmed, and before he had time to consider any plan of action the bear was upon him. She struck him down, but he kept his presence of mind and lay perfectly quiet.

The grizzly stood over him for a minute or more, then seized him by the waistband and began dragging him along. He did not resist, and she dragged him for a dozen rods to a little sandy hollow, where she dropped him and began digging a hole in the sand. Into this hole she rooted the man, and then nosed and pawed the sand over him until he was buried from sight. The prudent animal, not being hungry at the moment, was making a cache of her prey.

Mr. Sweet's heart lightened as he realized the brute's intentions, and he began to hope that he might escape. He waited a few minutes after the bear had covered him in, and then, thinking that she had retired from the scene, he began to work himself free very cautiously. The grizzly was on the watch, however, and at the first movement of her prey rushed to the spot and with two or three strokes of her paw snugly tucked him in again.

Mr. Sweet instantly became motionless again and allowed himself to be reburied in the sand. Luckily his hat had slipped over his face, so that the sand did not fill his nose and eyes, and by raising his head a little he was able to throw off the sand sufficiently to breathe.

He was more wary next time and lay still for an hour or two until he felt pretty sure that the grizzly had retired from the spot. Very cautiously then he worked himself free from the sand and crept away.

LAPSE OF REASONING.

Instances by Two of the World's Greatest Benefactors.

To illustrate the kind of lapse of reasoning power from which great inventors are known to suffer, like that under influence of which Sir Isaac Newton cut one hole in a wall to let a cat pass through and then a small hole for the kitten, an old story in the life of Morse will answer well. Long before he invented the telegraph Morse was known to the officers of the patent office as a persistent applicant for patents. When his great invention of "distance writing" was about completed he wanted the Baltimore and Ohio Railway company to try it.

To get rid of him the president of the road turned him over to a subordinate. This official was struck with the beauty of the invention and became so interested in it that he sat up half the night discussing it with the inventor. At length Morse confessed there was only one thing which baffled him. "As long as the railroad runs," he said, "where poles may be erected it will be easy sailing, but when we come to the big bridges what is to be done then? We can't erect poles across the stream, and without them the wire would sag and perhaps break from its own weight. I confess I don't know what to do. Can't you suggest a way out of the difficulty?

"Why don't you fasten the wires to the bridge?" asked his companion without a moment's hesitation. For a moment Morse gazed at him, with open mouth, and then exclaimed: "Why not, indeed? Why, I never thought of that. It's the very way."

The layman's tip put the finishing touch to the work of the great inventor, and thus wires came to be strung on bridges when crossing large streams.

Bismarck's Retort.

One evening when the German troops were before Paris Duke Ernst of Saxe-Coburg-Gotha began grumbling in Bismarck's presence because the iron cross of the first class, given for bravery in the field of battle, had been distributed too indiscriminately. Bismarck replied that the distribution of such decorations was always a delicate and difficult task, "for," said he, "conspicuous merit has to be rewarded, but in some cases conspicuous position, with or without merit, cannot be overlooked. See now," he said, "Moltke has it, Roon has it, Blumenthal has it. Excellent! But," he added, "your highness and I have it, too, and surely it is not for us to grumble!"

An Odd Legacy.

Thomas Jefferson, the founder of the Jefferson family of actors, was remembered curiously in the will of Weston, who was himself an esteemed member of Garrick's company. Weston's will contained this item:

"I have played under the management of Mr. Jefferson at Richmond and received from him every politeness. I therefore leave him all my stock of prudence, it being the only good quality I think he stands in need of."

A Heated Discussion.

"What's the matter with the fire eater? Been swallowing too many flames?"

"Nope. He's been drinking too much firewater."—Cleveland Plain Dealer.

—Mr. J. W. Barnes, Jr., of New York, formerly of Wilmington, is spending his vacation at the Hotel Tarrymoore, Wrightsville Beach, accompanied by his friends, Mr. and Mrs. Jas. Y. Swift, of Middleton, Ga., and their cousin, Miss Melissa Heard Davis, of Lexington, Ga.

—Mr. Paul H. Brown, in charge of the mailing department of the Charlotte Observer, was in the city yesterday and left last evening for his former home at Warsaw to spend a short while. Mr. Brown is accompanied on his vacation by Mrs. Brown and two children and they have been spending some time at Wrightsville Beach.

—Collector of Customs B. F. Keith is among the number of Wilmington visitors in Boston for the Supreme Lodge Pythian meeting. Mr. Keith while in Boston had the pleasure of again meeting his namesake, Mr. B. F. Keith, of theatrical fame, by whom he was lavishly entertained while in the Hub City.

WOES OF THE LUMBERMAN.

He Sings a Lay of "The Land of the Long Leaf Pine"—The Water.

A prominent lumberman who came in yesterday from the flooded district of one of the upper counties where he has large timber interests and where he has experienced no end of trouble in keeping what he has anchored to the soil, is singing a new song, a paraphrase of that pretty little Tar Heel toast "Here's to the Land of the Long Leaf Pine." It runs about like this:

"Here's to the land of the short-leaf spruce.
When it rains for a day you catch the deuce.
You may railroad far, you may railroad nigh.
But the logs won't float and the trees can't fly."

Had a General Mix-Up.

Etta Hollman appeared before Justice Bornemann yesterday and had a warrant issued for Davis McCoy, charging him with assault and battery with a deadly weapon, and when arrested he preferred the charge of disorderly conduct against her. In the latter case she was discharged after the payment of cost and the negro McCoy was sent over to the higher court under bond of $25.

The Best Pills Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold." writes B. F. Ayscue, of Ingleside, N. C. Sold under guarantee at R. R. Bellamy's drug store. 25c.

Severe electrical storms late yesterday accompanied by heavy rain and in some instances by damaging showers of hail, broke the heat wave that has been afflicting New York State and the New England States.

LOCAL DOTS.

—In the police court yesterday Walter McGuire and James Davis, both colored, alleged to have stolen a quantity of oat sacks, were sent over to the higher court. James Green, for vagrancy, was sent to the county roads to serve thirty days.

—The funeral of Lillie May, the infant child of Mr. and Mrs. G. H. Savage, was conducted from the home yesterday morning at 10 o'clock by Rev. W. E. Hocutt, pastor of Bladen Street Methodist church, and the remains were interred in Bellevue.

—Willie Davis, colored, was arrested yesterday by Deputy Sheriff J. M. Branch and committed to jail for trial before Justice Bornemann today on the charge of having broken into a trunk and stolen a small amount of money from Arthur Bland, colored.

—Floyd King, colored, was arrested last night by Deputy Sheriff W. H. Howe on two warrants issued last March a year ago charging him with an assault and disorderly conduct. King left the city and upon his return was located by Officer Howe and landed in jail for a hearing before Justice Bornemann today.

LIBELLED THE CARGO.

Consignees Refused to Pay Lighterage Charges For Big Steamer.

In the United States Court in this city Tuesday afternoon, Messrs. Meares & Ruark, proctors for Capt. R. S. Robertson, master, and the owners of the British steamer Manchester Miller, libelled 2,855 tons of manure salt on the wharves of the Virginia-Carolina Chemical Co., at Navassa guano factory, the same being a part of the cargo of the steamer, the owners of the cargo having refused to pay $1,500 in lighterage charges on the part of the salt which had to be lightered from Southport to Wilmington on account of the heavy draft of the steamer. The cargo was taken in charge yesterday by Deputy Marshal C. O. Knox and unless bond is given in the meantime, the same will be sold to satisfy the claim upon adjudication in the U. S. Court. Messrs. Rountree & Carr represent the Virginia-Carolina Chemical Co., in the transaction.

An interesting point is raised in the libel. The steamer was chartered to deliver the cargo as nearly as possible to the wharves of the consignee. The master of the steamer and the libellant claims that the steamer could not be brought to Wilmington with a 24-foot draft, while the owners of the cargo claim that she could have proceeded here without trouble, hence the refusal of lighterage fees.

OLD DARKEY RE-APPEARS.

Had Been Missing Since Last February—Alleged to be Kidnaped.

The officers have finally located Richard King, the old darkey who had been missing from his home since last February and who it was alleged, had been kidnaped and kept in seclusion by Kenyon Williams and his wife in Brunswick county, in order that they might swindle him out his monthly pension of $12. The case originated in a peculiar way, and for over two weeks the officers have had a warrant against King, which was sworn out at the instigation of his wife charging him with non-support. Since this the officers have been searching and they secured enough evidence to put Kenyon Williams and his wife under bond. King is a Federal pentioner, and he drove from the country yesterday to get his pay and the officers were not long in finding him. On the non-support he will be given a trial next Saturday and the charge against Williams and his wife will be heard before Justice Furlong August 21st.

DROWNED AT SMITH'S BRIDGE.

Young Mr. Robert Durham Meets Death While in Bathing.

News reached the city yesterday of the drowning of young Mr. Robert Durham, son of Register of Deeds R. I. Durham, of Burgaw, which occurred while in bathing with a number of companions at Smith's Bridge, on Northeast river Tuesday afternoon. Young Durham jumped off a pier, rose and shouted to a friend to save him and then rose again about 15 yards below, raising one hand but that was the last seen of him. He had been in the water some time and it is supposed that he was seized with cramp. His body had not been recovered, and as the great freshet is still surging in the river, it is feared that recovery will be difficult.

The young man was 19 years of age and was a nephew of Dr. J. H. Durham, of this city. He is also survived by his parents, one brother and two sisters. They have the sympathy of all in the sorrow that is theirs.

Funeral of Dr. Kelly Yesterday.

Attended by a large numer of Wilmington friends the funeral of Dr. Freeman Norris Kelly, was held from the home of his sister, Mrs. W. H. Yopp yesterday afternoon at 2 o'clock, Rev. W. E. Cox, rector of St. John's Episcopal church, officiating. At the conclusion of the services the remains were conveyed to the depot and accompanied by his son, Mr. W. V. Kelly, were taken to his former home in Kennett, Missouri, where they will be interred next Saturday. The pallbearers were Messrs. J. H. Sweeney, J. F. Maunder, E. B. Evans, C. R. Yopp, J. T. King and Dr. J. T. Schonwald

league for next year. He says there are six towns in the State large enough to support good teams and near enough together to have a lively and interesting race. He suggests that after the two leagues in this State close, the representatives of Charlotte, Greensboro, Winston-Salem, Durham, Raleigh and Wilmington meet at some convenient place and organize a State league. He states further that Wilmington has made money off her team this season and that they are in for a State league next year. The average attendance at Wilmington has been 900 so far this season.

"President Pearce, of the Raleigh Athletic Association, says that Raleigh will stick to the finish this year and will enter the State league next year, if organized."

SPECIAL LUMINA DANCES.

Arranged for Tomorrow Night and a Moonlight Next Week.

A souvenir dance will be given at Lumina tomorrow night. Next Monday night the Moonlight dance will be given again, but the company will endeavor to improve on the last Moonlight dance and it is safe to say that there will be a large crowd to witness the event. It will be remembered that the last Moonlight dance was one of the most successful of the many excellent dances given at the pavilion recently. The real moon will be nearly full on that day.

On the following Monday, August the 17th., a Butterfly dance will be given The officials of the company are promising something special for this dance. Plans for other good dances are also under way for later

CAPT. BALDWINS SUCCESS.

His Dirigible Balloon Made Another Flight at Fort Myer.

(By Wire to The Morning Star.)

Washington, August 5.—Captain Baldwin made another successful flight this evening at Fort Myer, in his new dirigible balloon. Mr. Curtiss, who again handled the planes and the motor, increased the speed today, although the maximum was not attained.

At 6:29, after the balloon had been re-balanced in accordance with the conditions encountered yesterday, the start was made but when 500 feet had been covered Mr. Curtiss stopped the motor, it having been found that the gas bag was not taut. The balloon was landed and the bag was made taut by pumping air into the ballonet.

Another ascension was made at 6:40 o'clock. As Mr. Curtiss increased the speed of the propeller, the airship, in the face of a seven-mile wind, pitched forward like an ocean liner. Several times the spectators gasped as the ship careened at angle of 20 degrees, at times almost standing on its pointed nose. It was then that the utility of the planes was demonstrated.

When the ship plunged downward Mr. Curtiss turned the planes in the opposite direction and the effect was quickly apparent. Captain Baldwin's machine is the first in America to be controlled entirely by mechanical means.

Making various evolutions and against the wind the airship was brought down within a hundred feet of the tent in which it is housed, eight minutes after leaving the ground. Mr. Curtiss estimated that the speed was 15 miles an hour, twenty miles going with the wind and ten miles going against it.

The object of today's short flight was to allow the navigators to become further acquainted with the behavior of the airship to further test the planes and the rudder, and to determine the point of balance.

FIRST SPEECH OF CAMPAIGN.

Delivered by Alton Brooks Parker at Los Angeles Last Night.

(By Wire to The Morning Star.)

Los Angeles, California, August 5.—Alton B. Parker, Democratic candidate for President in 1904, delivered his first speech of the present campaign in behalf of Bryan and Kern before an audience of 2,000 persons at Temple auditorium tonight. He said:

"We have at the head of the Democratic ticket two men of character well known, one of whom is specially well known and who in season and out, has fought against the relations between government and corruption corporations. And with him is associated a man whom I have known personally since 1895 and who, in my judgement is in every way worthy of his associate, and who in case an emergency of any kind should arise which God forbid, would be in a position to take up the standard and carry it on."

CONDITION IS CRITICAL.

Negro Miner on Strike Lynched by Deputies.

(By Wire to the Morning Star.)

Birmingham, Ala., Aug. 5.—Today has been by far the most turbulent of the coal miners' strike. The lynching of the negro Will Millans, a union miner, charged with dynamiting at Baighton early this morning, was followed tonight by the arrest of two deputy sheriffs, Lon Tyler and Bruce Tyler, charged with killing the negro. Strong feeling over the strike followed by a quarrel led to the killing this morning of Albert Fletcher, a negro, at New Castle by Constable Will Ellard.

Two deputy sheriffs were kidnaped by strikers at Jett mines and tied to trees. Another house was dynamited at Wylam, the shock being so severe as to throw the inmates out of bed.

Governor Comer probably will place the entire first Alabama regiment in the district before the end of the week. W. R. Fairley, leader of the miners, issued a statement today in which he arraignes the Governor, charging him with being in sympathy with the mine owners.

SENATOR ALLISON'S FUNERAL.

Will be Attended by a Delegation of the National Senate.

(By Wire to the Morning Star.)

Dubuque, Ia., Aug. 5.—The funeral of Senator Allison will be held on Saturday afternoon at 4 o'clock. The ceremonies will be simple. Brief services will be held at the residence of the dead Senator. Rev. J. T. Berger, D. D., pastor of Westminster Presbyterian church, of which Senator Allison was a member, will officiate at the house and also at Linwood Cemetery, where the funeral will take place. The body will lie in state Friday afternoon and evening. Arrangements are under way for the suspension of business during the time of the funeral. Flags are at half mast on all public buildings. Telegrams of sympathy are pouring in from public men in all parts of the country. Delegations of representatives of the National Senate and House will attend the funeral.

DESTRUCTIVE FIRE CONTINUES.

Flames Are Devastating Timber Regions Beyond the Settlements.

(By Wire to the Morning Star.)

Vancouver, B. C., Aug. 5.—The destructive forest fires in the Elk River valler have now burned past the region of the towns that were in danger. Fernie is destroyed, but Michel, Hosmer and Cranbrook are now out of the danger zone. The flames are still devastating the timber region of the valley beyond the settlements. These bush fires may last a month, or until the rain falls.

The total loss of life in the burned area is now placed at 38 and the property damage is estimated at about $5,000,000 and $6,000,000.

Tents and supplies of food and clothing have been received at Fernie from many places and the people are working vigorously.

WARM WIRELETS.

The storeship Glacier and the Collier Ajax left Suva, Fiji Islands yesterday for Aukland.

The new United States armored cruiser Montana sailed from the Norfolk navy yard yesterday for the South on her shaking down cruise. After this she will proceed to the coast of Maine.

The ninth district Democratic Convention at Pulaski, Va., yesterday unanimously nominated Byars, of Bristol, for Congress to oppose Bascomb Slemp, Republican. The mention of Bryan's name was wildly cheered.

Edward Brown, of Baltimore, on a visit to his brother-in-law, Berry Dodson, manager of the Lorraine, at Norfolk, Va., was accidentally drowned today while in bathing at Willoughby's Spit.

In a pistol fight at the Howard store at Layman, Ky., last night, Jno. Blanton was killed, Sherman Blanton was shot in the arm, Stockley Osborne was mortally wounded and Lee Russell was seriously wounded. The trouble grew out of a school election.

Wireless telegraph messages last night from the United States Atlantic fleet reported the vessels at 8 o'clock P. M. in lattitude 25.23 south, longitude 178.51 west, 810 miles distant from Aukland. The sea was rough. The usual evolutions were being maintained by the fleet.

One man fatally wounded and another painfully injured is the result of a fight early yesterday at Pensacola, Fla., between negroes and street railway employes on a Bay Shroe car. William Johnson, colored, was shot in the mouth and abdomen, while Chief Inspector McClung, of the Street Railway, suffered a painful wound in the hand.

THE PYTHIANS IN BOSTON.

Parade of Subordinate Lodges Brilliant Pageant Yesterday.

(By Wire to The Morning Star.)

Boston, Mass., Aug. 5.—Ten thousand members of the subordinate lodges of the Knights of Pythias paraded through Boston's streets today and notwithstanding frequent showers, the spectators never left their places until the brilliant pageant was dismissed.

Never in recent years in Boston has there been a parade marked by such diversity of features, so much color originality in the ideas presented in the various floats or marching features. The entire scene changed with the passing of each lodge and organization in line and the spectators were kept delighted and expectant from the beginning to the end of the big procession.

There were Knights in armor upon horses, prancing to the gay airs of the bands, courtiers in handsome doublets and robes, royalty in purple and gold, the gloomy dungeon and home of Damon and Pythias, a feudal castle with minarets and towers guarded by a knight in mail, symbolizing the protection feature of Pythianism. King Solomon and the three Wise Men and so on.

George E. Wragg, of Boston, was chief marshal.

No business was transacted by the Pythians today. Tomorrow the new supreme lodge officers will be chosen There are eight officers to be elected, and most interest cnters in the selection of vice chancellor. For this office the most promising candidate is a Massachusetts man, S. D. Sydney Woodworth, of Fitchburg.

LYNCHING IN ALABAMA.

Negro Charged With Dynamiting House Strung to Tree.

(By Wire to the Morning Star.)

Birmingham, Ala., Aug. 5.—William Miller, colored, was lynched last night at Brighton, ten miles south of Birmingham. Deputies brought Miller to Brighton last night as a mass meeting was being held. He was charged with complicity in the dynamiting of the house of Finley Fuller Monday night. Today when a deputy sheriff was sent to Brighton to bring Miller to Birmingham it was discovered that the jail had been broken into. The body of Miller was found in the woods hanging to a tree.

PANIC CONDITION CEASED.

New Orleans Mills Will Make Full Time Commencing Monday.

(By Cable to the Morning Star.)

New Orleans, Aug. 5.—Commencing next Monday the Lane-McGinniss mills, of New Orleans, will be run the full six days in the week instead of three as heretofore. While the number of work days will be doubled, there will be a 20 per cent. cut in the wages of the employes. It was announced today that unless the employes agreed to a general cut in their wages, it would be necessary to shut down altogether. A large majority of the employes voted to continue work. The mill employs between 1,500 and 2,000 operatives.

TURKISH RULER STABBED.

The Deed Done by Minor Palace Official Monday.

(By Cable to the Morning Star.)

London, Aug. 5.—A dispatch to the Exchange Telegraph Company from Geneva, says:

"The Sultan of Turkey was stabbed in the breast on Monday night by a minor palace official. The coat of mail which the Sultan always wears deflected the blow. The would-be assassin was arrested. Apparently he had been bribed to commit the act as he had a large sum of gold in his pockets and his baggage was ready for flight.

"The news was received in Geneva in a telegram from Constantinople to a young Turk here."

For some weeks Mr. Graves has suffered considerable physical pain but he has been able to attend to his public and personal affairs.

YELLOW FEVER QUARANTINE.

Texas Health Department Finds the Disease to Exist in Mexico.

(By Wire to the Morning Star.)

Austin, Texas, Aug. 5.—The State of Texas, through the Health Department today established a rigid yellow fever quarantine against Mexico, an outcome of a recent tour of the Republic by Dr. J. F. Eaves, of the State Health Department. Dr. Eaves reported yellow fever to exist at Vera Cruz, Laguna and other points, and declared the disease had proved fatal in a number of instances.

Beautifully Arranged.

Brown—Well, you've got the quarter. Is your sister coming down?

"I've arranged it beautifully, old chap. I told her it was you first, and she said to tell you she was out, and then I said I was fooling and that it was Charley Jones, and you ought to have seen her hustle to get into a clean shirt waist! She'll be right down!"

Not Surprised.

Skipper—I am inordinately sensitive to uncongenial surroundings, so much so that the very sight of some people will give me a nervous shudder. Chipper—Oh, well, there are very few of us that do not shrink from meeting our creditors.

No Hitch.

"How did the wedding come off today?"

"Without a hitch."

"Glad to hear it."

"I said without a hitch. The bride backed out at the last minute."

Not Written.

Why Kelly Didn't Sleep.

"One night I went in late to Father Dempsey's hotel. Every bed was full, and there were 200 men sleeping on the floor of the recreation room. Each one of them had a newspaper under him to keep off the dust of the floor. I pointed to one little Irishman and remarked that he did not seem to be resting well.

"'What's your name, my man?' Father Dempsey asked him.

"'Thomas Kelly, your reverence.'

"'You don't seem to be resting well, Mr. Kelly.'

"'I'll get to sleep after awhile, your reverence,' he answered.

"'I don't believe you will unless you change your bed. You're sleeping on a Westliche Post,' answered Father Dempsey."—St. Louis Post-Dispatch.

A BUSINESS LOCAL IN THE MORNING STAR WILL

- ¶ Obtain for you that needed position.
- ¶ Secure a tenant for that vacant house.
- ¶ Send new boarders to fill the empty seats at your table.
- ¶ Recover lost articles or find the owner thereof.
- ¶ Discover a purchaser for what you have to sell
- ¶ And a seller for what you want to buy.
- ¶ Make you and your wants acquainted with more people than you ever knew before.
- ¶ Do anything you want it to do, and at such little expense to yourself that you will wonder at the comparison between cost and results.

SPIRITS TURPENTINE

—Asheville, N. C., Aug. 4.—Black Mountain township, Buncombe county, has just voted to issue $40,000 worth of bonds for road purposes. Bids were opened yesterday for the first lot of $25,000 worth. These bonds will bear 6 per cent. interest and are regarded as first class. An offer of par was received yesterday for the entire allotment.

—Jonesboro, N. C., Aug. 4.—The two cotton mills in Jonesboro known as the Clark Manufacturing Company and the Eugenia Manufacturing Company were sold yesterday at auction. These mills went into the hands of a receiver several months ago. They were bid in by Mr. D. E. McGuire as trustee and it is understood a new organization will be effected at once and the mills started up again soon.

—La Grange Sentinel. — In the ruins of last week, the dam of the A. R. Sutton mill, which has recently been equipped with apparatus to supply the town with electricity, was completely washed away and it will take several weeks to rebuild it. Meanwhile the city must continue consuming the Standard Oil products and patiently abide the time when luxuries shall come. The lights were to have been turned on the latter part of last week.

—Charlotte News.—A beautiful nugget of gold was to be seen today at the Commercial National Bank where it had been sent by the Bank of Montgomery at Troy, N. C., in order that its value might be ascertained at the Charlotte Assay office. The nugget was found a few feet below the surface of the ground in Montgomery county and weighs 20 ounces avoirdupois. The Bank of Montgomery will keep it on exhibition as a trophy of their gold-producing county.

—New Bern, N. C., August 4.—The storm's damage as far as railroads in this vicinity are concerned is repaired with the exception of a wash-out at Pollocksville. The bridge between Morehead and Beaufort is still out of use. In repair of the greatest damage to the Atlantic Coast Line road near Jacksonville the break at Pollocksville on the same road, has been over-looked, but it really is a very serious matter and dead loss to the people of that village.

—Winston Sentinel.—There is quite a collection of pocket knives at the police headquarters in this city, there being possibly over two hundred. Many of these are in a drawer and there is also a box nearly filled with them. They are taken off of people when they are searched and locked up and when the prisoners are released they generally determine to start life anew and resolve that they will not even carry a pocket knife in the future and donate them to the policemen. None of the knives are of much account, their chief interest lying in the great number of them that have been collected.

—Concord Times.—On Tuesday a mad dog passed through No. 3 township and bit 17 cows and three hogs belonging to Mr. C. A. Overcash. Last week one of the hogs which was a valuable sow, and worth $20, went mad and later died. One of the cows, which was valued at $20, also has hydrophobia, and is in a bad condition About the same time a mad dog bit several cows belonging to Mrs. F. S. Goodman, and last Saturday evening one of them went mad. She wanted to fight everything around her, and had to be penned up in the stable. She lows all the time, and bites at everything in her reach, even the food given to her. She is expected to die at any moment. The dog is a strange one and is said to have been a bird dog.

—The Robesonian.—Seaboard passenger train No. 44, due in Lumberton at 10 o'clock at night, was wrecked Sunday night at what is known as "watermelon" sliding, about one mile west of Maxton, and was delayed about four hours. Two cars on the siding were knocked off the track, the engine of the passenger plowing its way to the middle of one car, and the engine and baggage coach were derailed. The train was running at the rate of about 40 miles an hour when the engineer discovered that the switch was open. He immediately reversed his engine and he and the fireman jumped. The engineer was knocked unconscious by the fall, but neither he nor the fireman sustained any serious injury. No one else was injured at all. The switch had been thrown open apparently with the intention of wrecking the train.

—Durham, N. C., Aug. 4.—There is considerable interest in the most unusual case of Dr. Puryear, of Granville county, who is this week to be placed on trial for his life 27 years after he killed a negro in that county. Durham has a large number of old Granville citizens who live here and many of the older set remember the circumstances of the murder more than a quarter of a century ago when Dr. Puryear was arrested but was declared insane and sent to the State asylum. He escaped from that institution or was released soon after the commitment and Dr. Puryear lived in other States for years. Then he went to Virginia and about four years ago went back to the county in which the murder was done. Since then he has lived there unmolested and it was only recently that a neighbor, with whom he had some trouble, caused his arrest a second time on the murder charge.

James Madison
(4th President, U. S. A.)

IN George Washington, the American Revolution had its conquering general; in John Adams its intrepid organizer; in Jefferson its bold philosopher; and in Madison its constructive statesman.

He it was who caused to be deeply imbedded in our highest law those vital and fundamental guarantees of life, property and Personal Liberty.

In private life he was extremely social—yet truly temperate—drinking good malt beer and wine in strict moderation. Once, when sick in bed, he caused his couch to be wheeled near the dining-room door, that he might call to his acting representative at the festive board: "Doctor, are you passing the bottle? Do your duty, doctor, or I must cashier you!"

Justly named "The Father of the Constitution," he died at eighty-five. When shall his name be forgotten?

TOURIST'S INSURANCE.

A few points to note—
My personal baggage is worth $1,000. I am going on a Summer's outing, visiting the different resorts, Summer hotels, a trip to the Mountains or down to the Beach, where fancy calls.
INSURANCE? No! - Never thought of it, though I carry it at home of course. AND YET a few dollars will buy a TOURIST'S FLOATER, covering Fire everywhere, and practically all hazards of transportation, including Fire, Collision and Derailment.
What is a few dollars added to my Summer's expense, for this PROTECTION? For rates and forms see

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Aug. 5.—The feature in today's cotton market was selling credited to the bull clique but while the market was nervous and unsettled, last prices showed no severe losses on active months, and the closing tone was steady, net 20 points lower on August, but only 20 to 5 points lower on October and later positions. Sales for the day were estimated at 125,000 bales.

The market opened steady at a decline of 1 to 6 points in response to rather disappointing Liverpool cables and a good weather map, with the possible exception of continued rains in the Memphis district, which is complaining of excessive moisture. There was a moderate demand from shorts at the decline, but brokers supposed to represent the bull leaders were sellers and at one time during the middle session the active months were 8 to 11 points net lower. The bulls seemed willing to sell between 9.52 and 9.60 for October, but the decline was checked during the afternoon by the demand from shorts, and in the late trading January and March sold at the highest prices of the day, while October and December rallied 6 points from the lowest. Nearer positions were neglected and relatively easy Private crop news is more conflicting than of late, but continues of a bearish average and trade conditions show little immediate improvement. Southern spot markets officially reported were unchanged to 1-16c higher. It is estimated that sales for the concentrated long account during the day aggregated about 30,000 bales, and it is generally supposed that the prices secured showed a moderate profit.

Receipts at the ports today were 3,986 bales against 3,382 last week and 1,586 last year; for the week 25,000 bales against 26,355 last week and 7,440 last year. Today's receipts at New Orleans were 415 bales against 871 last year, and at Houston 2,901 bales against 180 last year.

Spot closed quiet, 5 points lower. Middling uplads 10.75; middling gulf 11.00; no sales. Futures opened barely steady and closed steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 5.—The principal event of the dry goods day was the sale of 50,000 pieces of dress goods. The distribution was complete and prices were very satisfactory. In fact many large would-be operators were deterred by the high relative prices reached. Cotton goods are dull and prices rule easy. Silks for the Fall trade are in quiet demand. Knit goods and hosiery remain very slow in demand.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Aug. 5.—The speculation for advance in stocks was hampered again today by the disquieting buoyancy of the wheat market. The financial district has not relinquished its comfortable faith that prosperous crops for the year are already assured. Drouth and high temperatures of the last few days, however, have not been without disturbing effect coming at a period recognized as critical for the spring wheat crop. Private experts in the employ of speculative houses both in grain and in stocks have added the burden of alarming reports of the extent of the harm done to spring wheat by rust. These influences were at work in full force in today's financial markets.

The government crop report, to be published on Friday, is awaited with more than usual interest.

Amongst the factors making for restraint, besides the wheat damage reports, were the preparations making by the Inter-State Commerce Commission to investigate the proposed increase in freight charges.

The news of activity by the Department of Justice in seeking evidence to prosecute the suit against the Harriman railroad merger, was regarded as a possible disturbing factor as it shall develop.

Bonds were strong; total sales par value were $3,916,000. United States 3s registered advanced 1-2 and the 4s registered 1-4 per cent. in the bid price. Total sales of stocks today were 778,800 shares.

FINANCIAL MARKET.

ALMOST SUCCESS THEN A FAILURE

Deplorable Termination of Trial Flight of Count Zeppelin's Airship.

AN EXPLOSION AND FIRE

Causes Complete Destruction of Machine Near End of Route—Come to Earth For Repairs—Struck by Storm.

(By Cable to the Morning Star.)

Stuttgart, Aug. 5.—Count Zeppelin's airship, which descended on a plateau near the village of Echterdingen, five miles south of this city shortly before 8 o'clock this morning, owing to a defect in one of the motors, broke away from its moorings during a storm at 3 o'clock this afternoon, burst into flames and exploded. Four persons were injured by the flying debris. Count Zeppelin escaped uninjured. The airship was completely wrecked.

The storm blew up unexpectedly. A fierce gust of wind tore the balloon from its anchorage and drove it in a southwesterly direction for some 50 yards. Here the rear end of the great fabric drooped and smoke and flames were seen to burst out from one end to the other. Then in a few seconds came the explosion and a great column of flames shot upward into the air. This was followed by the crashing down to the earth of the motors and frames that had been attached to the underside of the airship. Several by-standers were knocked down.

It was necessary to land the airship at Echterdingen, due to the overheating of the piston box of the forward motor and the escape of considerable gas owing to the fact that the Count took the airship to a height of about 6,000 feet.

The Zeppelin airship had just completed the most remarkable voyage in the history of aerial navigation. It left the Lake of Constance yesterday morning for a trip to Mayence and return. The flight was successful in a great many ways. The machine responded absolutely to the control of its pilots and was navigated over the lake of Constance, down the Valley of the Rhine, over Strasburg and several other cities and was expected at Friederichshafen, its starting point today.

Count Zeppelin has devoted his life time and his personal fortune to the development of his airships. The vessel that was lost today was the fourth he has constructed. When his own money had become exhausted the German Reichstag voted him $125,000 to conduct further experiments, and No. 4 was the result. The German Government agreed to purchase this ship on condition that it fulfilled certain requirements, the principal one being that it remain in the air 24 hours and land on terra firma. This stipulation had not yet been fulfilled.

The airship was 443 feet long with a diameter of about 45 feet. It tapered to a blunt point at the bow, while at the stern were various rudders and frames used in steering. It was fitted underneath with two independent compartments, each carrying a motor capable of developing 140 horse power. As many as 16 passengers had been taken aloft at one time. Sleeping accommodations were provided for the crew and apparatus was installed for the dispatch and receipt of wireless telegraph messages.

TURNER TAKES STAND.

To Refute Sensational Charges Made in Georgia Investigation.

(By Wire to the Morning Star.)

Atlanta, Ga., Aug. 5.—Georgia's prison commission was under examination before the special legislative investigating committee which is going over the entire penitentiary system of the State today. Chairman Joseph S. Turner, of the commission, was the principal witness, and he took the stand to refute the sensational charges which have been made by ex-convicts and others in connection with the convict lease system of the State. He declared that most of the witnesses who made these charges against the prison commission and other State officials, either had been convicted of murder, burglarly or other felonies. He called to question the evidence of former employees of the commission, declaring that they were disgruntled because of having been discharged.

F. C. Lewis, a former guard at the Durham Coal and Coake company, said that a fifteen-year-old white boy had been given sixty lashes with a sanded leather strap and was terribly mutilated. He declared that the boy died two months later.

FREIGHT CONTEST IS SIMPLIFIED

The Way Opened to Avoid Conflict Between Court and Commission.

INJUNCTION DISSOLVED

Judge Pardee Sets Aside Order of Judge Speer Forbidding Railroads in Georgia Increasing Freight Rates.

(By Wire to The Morning Star.)

Asheville, N. C., August 5.—Circuit Judge Pardee, Atlanta, Ga., who is spending his summer vacation in this city, today dissolved the order of Judge Emery Speer, prohibiting the Southern Railway, the Louisville and Nashville, and other railroads, from enforcing the proposed increase in freight rates in the State of Georgia. By the appeal and supersedes granted by Judge Pardee, the railroads interested will be allowed to put their new rates in effect in Georgia, as in other States, pending the final hearing of the matter.

The order of Judge Speer is the outcome of the action taken by certain railroads which recently gave notice that, effective August 1st., they would put into effect an increased freight rate known as an increase of the Ohio river rates. In the meantime and before the rates became effective certain shippers in Georgia appeared before Judge Speer, seeking to restrain the roads from putting the rates into effect. Judge Speer granted the restraining order and an unusual situation was created with a certain rate in effect in Georgia and another rate in other States.

Judge Pardee required of the railroads appearing through counsel to give sufficient bonds to protect the shippers who secured from Judge Speer the restraining order from any loss that they may sustain in the event that the suit is decided adversely to the railroads.

Washington, August 5.—The Inter-State Commerce Commission today received a complaint by shippers of the State of Georgia against various railroad companies operating in that State which recently gave notice of an increase in freight rates in the Southeastern territory to take effect August 1st. and which has been temporarily set aside by judge Speer of the Southern District of Georgia pending the determination by the commission of the reasonableness of the proposed rates.

As brought to the commission, the complaint is entitled the A. P. Morgan Grain Co. and others against the Atlantic Coast Line railroad company and others and declares that by a concerted movement the carriers recently sought to increase their rates through the intervention of the Southeastern Freight Association which is described as an organization in restraint of trade. The advance proposed is declared to be in suppression of competition, and the result of a conspiracy.

It is alleged that the advance is an arbitrary and unlawful exaction and is not a compensatory charge to meet the cost of the service. It is submitted that the common carriers have no more right to advance rates in times of adversity to compensate for loss of tonnage than they have to increase rates during prosperous times in order to share in the prosperity of the shipper. Notice of the complaint was served upon the defendant railroads and they will be given twenty days in which to make reply.

GRAND VIZIER RESIGNS.

A Shake-Up in Turkish Cabinet—Fehim Pasha Lynched.

(By Wire to the Morning Star.)

Constantinople, August 5.—Said Pasha, the Grand Vizier, and the newly found ministry have resigned. The Sultan has accepted the resignations, and tonight invited Jemalledin Effendi, the Sheik-Ul-Islam and Kiamil Pasha to form a new cabinet.

The newspapers assert that Mehmed Ali Bey minister to the United States has been relieved of his functions. He is the son of Izzet Bey, former secretary and adviser to the Sultan, who after the proclamation of the constitution fled aboard the steamer Maria, bound for a Mediterranean port. The notorious Fehmi Pasha, former President of the Council of State, has been lynched at Yenishair, in the villa of Brusa, Asia Minor.

Memduh pasha, Hassan Rami pasha, and Rechid pasha, respectively ex-ministers of the interior and marine and former prefect of Constantinople were arrested today and conducted to the ministry of police amid the jeers and hisses of the populance.

The arrest has been ordered of other prominent officials of the old regime including Tahsin Pasha, former secretary of Abdul hamid.

BIG STRIKE ON CANADIAN PACIFIC

All The Workmen in Shops on System of Atlantic to Pacific Went Out Yesterday.

ESTIMATED 12,000 IDLE

Most Extensive Strike in History of Railroad Shops in Canada—Two Thousand Men in One Shop Are Out.

(By Wire to the Morning Star.)

Winnipeg, Man., Aug. 5.—Longshoremen employed by the Canadian Pacific Railroad today struck in all shops on the system of the Atlantic to the Pacific and all shops tonight are idle. It is estimated that 12,000 men went out, the largest number 2,200 in Montreal. Fifteen hundred quiet in Winnepeg. Two thousand men left work between Fort William and Cancouver, all at the dictates of the executive committee of the various unions affected. Even old workmen in line for pensions, went home and it seems to be the most extensive strike in the history of railway shops in Canada.

All the workmen employed around the train sheds at depots went out, and conductors and engineers caused some delay to train service by insisting that trains be property made up before they would take them out. Every wheel in the shops stopped and every fire died out when the whistle blew several short blasts, care takers and shop foremen alone being left to put the places in shape for the period of idleness bound to follow.

This afternoon the men gathered at their halls to appoint a committee to carry on the strike. It was a determined crowd. A few younger men tried to force an appearance of joviality, but the majority looked as they fully realized the gravity of the step taken.

The men believe that there will be a capitulation of the company. There seems, however, to be a strong impression that the company has allowed affairs to drift, to see how far the men will go.

The Canadian Pacific officials' view is that the finding of a conciliatory board appointed at the request of the men should be binding on the men. The Canadian Pacific Railway not only did not seek arbitration, but believing the board to be hostile to the company, withdrew their representative and the Government appointed another arbitrator to represent the company.

Despite these facts, the board's finding was accepted by the Canadian Pacific Railway under protest and the company's officers are surprised at the refusal of the men to acquiesce.

LYNCH VISITS FAIRVIEW.

Gov. Johnson Former Manager Assures Mr. Bryan Support.

(By Wire to The Morning Star.)

Fairview, Lincoln, Neb., Aug. 5.—Of more than usual significience was the visit to Fairview today of Frank B. Lynch, of St. Paul, Democratic National committeeman from Minnesota, and manager of Governor Johnson campaign for the presidential nomination at the Denver convention. Mr. Lynch arrived about noon in company with B. F. Nelson, of Minneapolis, President of the State Fair Association.

Mr. Lynch's presence at Fairview was at the special request of Mr. Bryan. He lost no time in conveying to the Democratic nominee Governor Johnson's assurance of loyal support of the Democratic ticket and his intention to take the stump in Mr. Bryan's behalf.

"There is no animosity toward Bryan in Minnesota," haid Mr. Lynch. "While I do not promise that the Democrats will carry Minnesota this year, I think they have a good chance."

Mr. Lynch declared that nothing rankled in Governor Johnson's heart against Mr. Bryan because of his not receiving the nomination over Mr. Bryan.

THE MAN AND CORPORATION.

The Subject of Chief Address Before Virginia Bar Association.

(By Wire to the Morning Star.)

Hot Springs, Va., Aug. 5.—An increased attendance was present at the second day's session of the twentieth annual meeting of the Virginia State Bar Association here today. William Lindsay, former United States Senator from Kentucky, made the principal address, his subject being "the man and the Corporation."

That it is decidedly detrimental to the welfare of the Nation to continue the present day tendency to supplant the individual by the corporation was the assertion of the speaker. The evil, he held was one within the power of the States to remedy. The States create the corporations and should discharge their further duty of regulating them. Their failure in this respect, he gave, as the reason for the present national political issue of Federal control.

NEW YORK GOVERNORSHIP.

Was Topic For Discussion at Conference With Hitchcock.

(By Wire to the Morning Star.)

New York, Aug. 5.—An important conference between Chairman Frank H. Hitchcock, of the Republican National Committee and George Bruce Cortelyou, Secretary of the Treasury, who managed the Republican campaign four years ago, was held here late today besides talking with Mr. Hitchcock about the political situation generally throughout the country, Secretary Cortelyou is thought to have taken up the Governorship question in New York State. At one time the head of the Treasury Department was credited in political circles here with being an aspirant for the Republican nomination and he was thought to be favored by some of the State leaders who have opposed the renomination of Hughes. He could not be seen here today and Mr. Hitchcock declined to say what was talked about beyond admitting that he heard a great deal more about the State question. He declared that he did not express an opinion nor offer a suggestion on the subject.

BRYAN ASSISTING CHAIRMAN.

Is Giving Invaluable Aid in Direction of Campaign.

(By Wire to the Morning Star.)

Buffalo, N. Y., August 5.—Word has been received by Chairman Mack from William J. Bryan in which the nominee expresses pleasure at the degree of progress of the Democratic campaign and the belief that he will be elected to the presidency. Mr. Bryan and Mack are in daily communication and Mr. Mack said today that Bryan was giving invaluable aid in the direction of the campaign.

Mr. Mack indicated tonight that while the National committee will on on the fight in all parts of the country, the State committee's will direct the campaign in the Southern States. The chairman will direct the campaign in the Southern States. The chairman said that several States in the Northwest which have been regarded as Republican are debatable this year and that a lively effort will be waged to turn these States to Bryan.

RHODE ISLAND COTTON MILLS.

No Concerted Action to Curtail Production or Reduce Prices.

Providence, R. I., Aug. 5.—Leading cotton manufacturers of the State are agreed that there is no concerted action at present to curtail production or to cut down wages. They say that while they are disappointed over the present condition of business they look for a stimulation of trade shortly through legitimate channels of supply and demand. The fact that the United States Cotton Company of Central Galls, has announced a wage reduction is not looked upoh as a possible indication that other manufacturers will follow suit.

In connection with the Southern Interstate Golf Championship Tournament at Linville, N. C., August 10 to 16, 1908. Beginning August 1st, the Linville River Railway operates daily (except Sunday), train connecting (5:20 P. M. Central time) at Cranberry with train on the Eastern Tennessee and Western North Carolina Railroad, which leaves Johnson City, Tenn., at 3:30 P. M., Central time, enabling passengers to reach Linville in time for evening dinner.

Gentlemen:—

Permit me to thank you for the satisfactory adjustment of loss upon my Automobile, and the payment by you today of $268, on account of a collision suffered by me.

I appreciate greatly the careful and prompt attention you have given this for me.

Respectfully,
GEORGE HONNET, JR.

In the District Court of the United States.

United States of America, Eastern District of North Carolina. In the District Court at Wilmington: In Admiralty.

The British steamer Manchester Miller vs 2,855 tons of manure salt.

In obedience to a warrant of seizure to me direct, in the above entitled cause, I have seized and taken into my possession part cargo of 2,855 tons of manure salt now lying on the wharf of the Virginia-Carolina Chemical Company at Navassa, about four miles above Wilmington. For the causes set forth in the libel pending in the United States District Court of the Eastern District of North Carolina, at Wilmington, I hereby give notice to all persons claiming the said cargo or knowing or having anything to say why the same should not be condemned and forfeited and the proceeds thereof distributed according to the prayer of the libel, that they be and appear before the said court to be held in and for the Eastern District of North Carolina, at the United States court room in the city of Wilmington on the 10th day of August, 1908 at 10 o'clock on the forenoon of that day, if the same shall be a day of jurisdiction, otherwise on the next day of jurisdiction thereafter, then and there to interpose a claim for the same, and to make their allegations in that behalf.
